

## **Employability Fund clients training with passes all round....**

Fife Council in partnership with Raeburn Training are jointly delighted with this morning's Health and Safety Level 1 and CSCS Training results. Passes all round for our 3 Employability Fund clients, who are now work site ready and for work experience to commence.

Pictured below from left to right are: Taylor Wilson, Ryan Easton and Jamie Donnelly

David Harber, Operations Manager at Raeburn Training went on to say, *“Congratulations to Taylor, Ryan and Jamie who all passed their Health and Safety Awareness (level 1) course exam AND their Health, Safety and Environment for operatives and specialists touch screen tests through CITB. Raeburn Training were delighted to have been able to arrange their training requirements working with Fife Council and their employability officers to assist these young men gain the accreditations for their CSCS Green Labourers cards required to start work on construction sites. The standard of results was very good and equalled by the engaging and pleasant nature of the delegates. We’d welcome the opportunity to assist others through the program administered through Fife Council and SDS.”*

And, in light of ongoing COVID rules and regulations and obviously following all related guidance, Fife Council remains in constant contact with our training partners and clients to ensure they are not disadvantaged due to the ongoing crisis.

SDS administers and manages the Employability Fund programme on behalf of the Scottish Government. Fife Council works in partnership with SDS to deliver the programme. With a strong focus on work experience, the Employability Fund lets us respond to the different needs of individuals, while also adapting to employer demands on a local basis.
